

After visiting 84 countries and hundreds of islands and cruising over 64,000 nautical miles in 14 years, we are quitting the cruising life and putting Zarafet on the market shortly. Hopefully she'll find another good owner to take her back out to sea. The Iridium phone will be passed on to Zarafet's next owner whenever she's sold and we definitely will recommend Preferred Communications as the most reliable and reasonable service provider. We really have appreciated your personal touch and all the help you gave us over the years.

Elaine & Mehmet Selis
